About Us

Welcome to the Directorate of Public Instruction Computer Based Test Portal

The Directorate of Public Instruction Computer Based Test Portal is an official digital initiative dedicated to streamlining, modernizing, and transparently conducting computer-based examinations, recruitment drives, and professional assessments for the education sector in the state of Chhattisgarh.

Operated under the aegis of the Directorate of Public Instruction, our core objective is to leverage advanced technology to ensure fair, secure, and efficient evaluation processes. We strive to provide candidates with a seamless digital interface for online registration, admit card generation, real-time computer-based testing, and prompt result declarations. By eliminating administrative bottlenecks, we maintain the highest standards of integrity, accessibility, and accountability in educational governance and recruitment.
